

(From Tuesday's Daily.)

M. S. Otero was a passenger for Santa Fe this morning.

F. H. Kent, the Holl canon placer mine owner, left for the canon this afternoon.

June Hunt, of the Hunt-Hestwood ferry fame, is in the city.

J. E. Saint, receiver for the New Mexico Savings Bank and Trust company, left this morning for Las Vegas.

Hon. R. E. Twichell and son came down from Santa Fe last night and left this morning for the Socorro court.

L. R. Strauss, the young attorney, is confined to his bed, the result of hard training for a position in the hose running team.

C. M. Shannon, internal revenue collector, came down from Santa Fe last night, and was met at the depot by his deputy, Judge Wm. Burns.

Dr. E. B. Taylor and wife, Dr. Taylor and O. K. Smith are arranging to go to the Jemez mountains, where they will go into camp for several weeks.

Judge Albert B. Fall, of the Third judicial district, arrived in the city last night from Santa Fe, and left this morning for his home at Las Cruces.

Mrs. J. A. Stinson and children, who have been visiting the family of W. G. Griffin the past few days, left this morning for their home at Los Cerillos.

W. A. Walker, ex-postmaster, took Block's stage for the Jemez hot springs this morning. He will be absent several weeks. By the way, Block's stage makes the trip through in one day.

Mr. and Mrs. Cox, of Byron, Wis., who have been spending the winter in the city, left this morning for the north. They will visit Denver, Colorado Springs and Pueblo, and then continue on to their Wisconsin home.

Mrs. Wm. Breiden, who has been visiting Col. and Mrs. Albright for the past few days, returned to her home at Santa Fe this morning. Her daughter, Miss Anna Breiden, will remain in the city a few days longer.

Jesus Romero and wife, and his mother left this morning for the Jemez hot springs. Mrs. Al. Coleman, a sister of Mr. Romero, will visit the springs as soon as Mr. Coleman returns home from a trip for Chas. Zeiger.

Mrs. Pushall and Miss Abbott, of Chicago, are still in the city, and the latter is so well pleased with the climate that she will probably remain here indefinitely. They are refined, cultured ladies, and Mrs. Pushall is an artist with the paint and brush.

W. B. Slaughter, the American Valley cattle raiser, whose fame for gallantry became prominent during the play of the "Spies and Fly" in this city a few years ago, is a welcome visitor to the city again, and is today in the hands of his friend, Maj. W. H. H. Llewellyn, who is more responsible than any one else for his fame.

George Hill Howard, the land court lawyer, who was in the city from Santa Fe yesterday, left this morning for Blain City, (formerly Eagle City) Cochiti mining district. Mr. Howard has one of the most experienced miners in the southwest in the district, and he expects to be located on some first-class vein of paying ore in a short time.

Mrs. L. J. Rummell, mother of Mrs. Fred Lewis, who has been a resident of the city for the past year, coming here from Las Vegas, left this morning for Grandville, N. Y., where she will reside in the future. The lady's many friends, here and elsewhere in the territory, will join this citizens in wishing her health and success in her New York home.

The enterprising merchants of Bland, (or Eagle, as the case may be), are opening a road across the hill from their flourishing town, over to Jemez hot springs, and as soon as it is made possible the travel to the springs will go by way of Wallace and the Cochiti district. This will make an excellent road to Jemez, and will reduce the wagon drive about thirty miles. Parties can then drive from Albuquerque to Jemez in about eight hours.

Captain Avery, late in charge of the Potawatamio and Sac and Fox Indian agency, in southern Kansas, has been promoted, and assigned to duty as superintendent of the Indian school at this point. He is said to be a good man, and since the Indian schools are to be used for the purpose of rewarding democratic politicians from the states, we presume the appointment is as good as we could expect. But where does the democratic "home rule" declaration come in?

R. C. Kienbach, the optician and jeweler on Railroad avenue, received a letter today from his old home in Neurenberg, Germany, which has caused him to decide to return to the old country as soon as possible. He will start the first of June, taking with him his little son whom he will place in the care of a brother in Neurenberg, and after a sojourn of a few months in Germany and England, he will return to America. Mr. Kienbach has made many friends in Albuquerque during his short residence here who will wish that he may return to this city.

S. H. Clifford, New Canal, Wis., was troubled with neuritis and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years standing; used three bottles of Electric Bitters and seven bottles of Dr. Williams' Pink Pills, and his leg is now well. John Speaker, Catawba, O., had a large fever sore on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box of Dr. Williams' Pink Pills cured him entirely. Sold by T. H. Burgess & Son, Druggists.

A Big Crowd Attended the Races Yesterday.

Troublesome and Huron Capture the Trotting Events.

Jingler Walks Away with the Free-for-all Pacing Purse.

BEN CANNON WINS THE DASH.

For several hours yesterday the wind howled around corners, up and down streets and alleys, and many predicted that the afternoon for the Driving association would be a bad one, entailing great loss to the members. Their predictions, however, were untrue, for at 11 o'clock, a. m., the wind suddenly ceased, and when the band appeared at the corner of Railroad avenue and Second street after dinner, to begin their open-air concert before going to the race course, the afternoon was as warm and as grand as any person could wish for. It was one of those bright afternoons peculiar to the Rio Grande valley, and in course of time several thousand home people and visitors thronged the fair grounds.

TRIO-251 CLASS.

The first race on the program was the 251 trot, having as entries Johnny Wilks, Troublesome, Nimble Jim and Nuvia, the latter being withdrawn before the race. Troublesome was the favorite, winning in three straight heats; Nimble Jim, who pressed the leader, second; Wilks, third. The following is the summary:

Troublesome, of Pueblo, Colo., 1 1 1
Nimble Jim, of Santa Fe, 2 2 2
John Wilks, of Santa Fe, 3 3 3
Time—3:01, 3:10, 3:09.

TRIO-234 CLASS.

Huron and Miss Ruby, of this city, and M. D. of Pueblo were the entries. Huron trotted splendidly without a break, capturing three straight heats, M. D. second; Miss Ruby third. Summary as follows:

Huron, of Albuquerque, 1 1 1
M. D. of Pueblo, 2 2 2
Miss Ruby, of Albuquerque, 3 3 3
Time—2:28, 2:38, 2:35.

M. D. proved himself the fast trotter in the race, but just about the time he would get down to trotting, he would break. He has a remarkable burst of speed, but is no doubt a hard horse to handle.

As stated by THE CITIZEN in a previous issue, Huron was purchased by G. K. Nair from Perry Brown, and when his horse won yesterday afternoon he received the congratulations of many friends.

PAIR-251 FOR ALL.

Jingler, of Santa Ana, California; Frank F. of this city; Oceanna Prince, of Pueblo, and Benito, of San Marcial were entered for the free-for-all pace, the latter being withdrawn before the race. Oceanna Prince took the first two heats, after a hard drive from Jingler, who was second. Frank F. the local pace coming in a good third. In the third heat, Frank F. was distanced, the pace between Jingler, who won the heat, and Oceanna Prince, being close and exciting. The next two heats and race were taken by Jingler. The summary is as follows:

Jingler, of Santa Ana, Cal., 2 1 1
Oceanna Prince, of Pueblo, 1 2 2
Frank F. of Albuquerque, 3 3 3
Time—2:28, 2:38, 2:35.

BENNING-1 MILE DASH.

The following flyers participated in this race: Ben Cannon, of Waldenberg, Colorado; Kate Claxton, of Colorado Springs, Colorado; and Grey Face, of Colorado Springs, Colorado. Della J. was entered but was withdrawn. The "knowing ones" had fixed matters so that Kate Claxton would be the winner, she selling high as a favorite against the field. Just before the race started, the jockies were called to the judge's stand and in plain, unvarnished language notified that they must ride to win. They did so, and in consequence the "knowing ones," with tips, were beaten, Ben Cannon taking the race from Kate Claxton under the whip, Grey Face only a few yards behind. It was the prettiest, closest and most exciting running race that has occurred at the race course for years. The summary is as follows:

Ben Cannon, of Waldenberg, Col., 1
Kate Claxton, of Colorado Springs, 2
Grey Face, of Colorado Springs, 3
Time—1:15.

This afternoon closes the spring meet of the Gentlemen's Driving association, and exciting trotting, running and bicycle races are in progress at the race course. A good crowd of enthusiastic spectators are present and everybody seems happy.

Important Train Orders.

Conductors and engineers between Las Vegas and Albuquerque have been instructed by Trainmaster Mulhern to run slowly and look out for obstructions on the track between Romero and the top of the hill, a mile and a half west of there. Conductors and agents on the New Mexico division, by order of the superintendent, must not accept collateral security for payment of fares, except in extreme cases, and not then till the matter has been taken up with headquarters office by wire.

In all cases of injury, damage to trains by fire, missiles thrown at trains, striking of stock by engines, bridges and other property found burned, track washed or damaged, conductors are required to make a joint wire report to the superintendent and the trainmaster.

School Board Meet.

The school board met in adjourned meeting last night, President Nettleton in the chair.

A full board present, with Clerk Grunwald.

The minutes of the previous meeting were read and approved.

Chairman Snyder, of the finance committee, asked further time to report in regard to the finances of the board, which was granted.

Moved by Trustee Chamberlin, seconded by Trustee Maudslayi, that the finance committee be authorized to forward the amount of interest due on school bonds to eastern holders.

The committee on teachers recommended that all the teachers be re-elected except two.

Moved by Trustee Maudslayi, seconded by Trustee Chamberlin, that the committee on teachers be received, which was carried.

Moved by Trustee Bartlett, seconded by Trustee Armijo, that the election of teachers be postponed until the next regular meeting, June 4, which was carried.

Moved by Trustee Snyder, seconded by Trustee Maudslayi, that the opera house be engaged for graduating exercises and that a general admission fee be charged of fifteen cents and twenty-five cents for reserved seats, and that the surplus money so realized be turned into the general school fund.

Adjourned till June 4.

BOARD OF PHARMACY.

Some Observations on the Report of the Secretary and Treasurer.

John L. Zimmerman, secretary and treasurer of the New Mexico board of pharmacy, has submitted his report for 1902 to Governor Thornton, gives the expenditures of money for the past five years, recommends the establishment of a chair of pharmacy in the territorial university, the strict enforcement of the law against the selling of poisons by grocery stores, apothecaries by the old drug and medicine peddlers, and a sufficient fund to defray the expenses of the board.

With the exception of the statement of expenditures the report is a very interesting document. The third page of it is devoted to paragraphs eulogistic of the members of the board. It also contains a list of registered pharmacists of the territory and extracts from the territorial pharmaceutical law, but it does not contain a record of the work performed and this should have been the most important part of the report.

There is now, according to the statement of the treasurer, a deficit of \$177.50 in the board's finances. Either the treasurer is an extremely poor mathematician or the figures became sadly mixed by the printer who produced the report, but it is probably the former, for according to the figures in the printed report there should be a surplus amounting to \$295.50 instead of a deficit of \$177.50. The total receipts were \$746.55 and the total disbursements \$569.05. If these figures are correct, and they evidently are, or the report would not have been sent in, then it necessitates expert juggling to show a deficiency where a surplus clearly existed.

The expenditures, according to the report, were not for the purpose of conferring diplomas or doing other work for which the board was appointed, but mainly for the purpose of giving the members an opportunity to travel around the country.

It has cost the territory \$133 during the past eight years to pay W. C. Porterfield's traveling expenses. This is over one fourth of the total amount of expenditures.

E. W. Spencer is credited with \$44 for traveling expenses; J. L. Zimmerman \$88.60; E. G. Murphy \$21.05, and C. M. Creamer \$8.20. The board evidently did a great deal of writing as it cost \$28.50 for postage. Although the original appropriation was small, the board possessed a luxurious taste so far as office supplies were concerned, as evidenced by the expenditure of \$3 for one fountain pen.

The income report is similar to the above, and shows either gross carelessness or incompetence on the part of the members of the board.

MASTERS WILL HANG.

The Governor Decides That the Law Shall Take Its Course.

Herman Mastas is under sentence to be hanged at Las Vegas on Wednesday, May 23, for the brutal murder of Juan Romero, a sheep herder, near Los Alamos, some two months ago. For the past two weeks petitions have been pouring in upon the governor imploring him to commute the sentence to imprisonment for life. To all such the governor Saturday made formal response, sending to the sheriff of San Miguel county a letter, of which the following is a copy:

EXECUTIVE DEPARTMENT,
Territory of Mexico,
Santa Fe, N. M., May 19, 1904.
Hon. Lorenzo Lopez, Sheriff of San Miguel County, Las Vegas, N. M.

Dear Sir:—I have been giving the matter of commutation of the sentence of Herman Mastas serious consideration for the past few days, and have come to the conclusion, after considering all the circumstances that I have no right to interfere with the verdict of the jury and the judgment of the court. You will therefore inform him that I shall not interfere in his case, but will permit the law to take its course.

Respectfully,
W. T. Throckmold,
Governor.

Sheriff Lopez will now proceed to erect the gallows and make preparations for Mastas' execution.

WILL BE SENT TO SCHOOL IN A MONTH.

Bad Boys Attempting to Frighten and Trippe Our Ladies.

There are a lot of mean, mischievous boys in Albuquerque, but the meanest have been found to congregate nightly at the corner of Railroad avenue and Armstrong street and they have scared a number of ladies. They have some black object, the size of a black water snake and about two or three feet long. A string is tied to the object, and when the boys see a lady coming toward them the object is thrown unnoticed in front of her. The boys then hide themselves and when the lady approaches, the object, resembling a snake, is pulled snake-like across the walk. A lady and her husband were on their way home last evening, when the object crossed the walk a few feet in front of them. The lady screamed and for a time was badly frightened. The husband chased the young scoundrels several blocks, but they escaped. Several of the boys are known, they belong to families in the neighborhood, and before their pranks cause some harmful accident they should desist. Again, Marshal Fluke is called upon to disperse the crowd of young loafers who congregate on the corners of the city.

Death from Consumption.

T. W. Underhill, a young gentleman who came here some time ago from Brooklyn N. Y., a sufferer from consumption, died at Camp Whitcomb yesterday morning at 10:40 o'clock, and the remains were brought in to Undertaker Strong's in the afternoon. He was a fine young gentleman, and for a long time he had the dreadful disease, until his weakened constitution, completely exhausted, gave up under the strain. He was a New York friend of T. J. Shinnick, of this city, who regrets to learn of his death. The body will be embalmed and shipped to Frank Y. Underhill, of Locust Valley, Long Island, to-morrow evening.

Weather-Prop Bulletin.

H. B. Horsey, observer United States weather bureau, makes the following report for the week ending May 14:

The temperature during the past week averaged, for the whole territory, a little above the normal. The precipitation was a little below the normal, and coming mostly in light thunder showers, was very unevenly distributed. San Juan county reports 1.6 of an inch, Rio Arriba 2.0, San Miguel 1.9, Mora 0.4, and Dona Ana .04, while many stations report only a trace and some no precipitation at all. There was less than the usual amount of sunshine during the week, a condition that is beneficial in this country, as we are always sure of a goodly amount, and the evaporation from freshly planted fields is less when the days are partially cloudy.

The cattle range are still in good condition, though some are beginning to show need of more rain. The supply of water for irrigation purposes is holding out well so far.

Admission-Watts.

Yesterday morning, at 8 o'clock, in the old town Catholic church, William Adamson, of Trinidad, Col., and Miss Concepcion Matia, sister of Transito L. and Laura Matia, were united in marriage. Last night, at the hall of Mrs. Ambrosio Armijo, on the plaza, a grand ball was held in honor of the happy couple, and refreshments were served. There were present a large crowd of people, the small towns up and down the river for miles being represented. This morning Mr. and Mrs. Adamson left for Trinidad, where they will reside in the future. The best wishes of THE CITIZEN accompany them.

Partners for Forty Years.

Judge Edward P. Seeds left for Albuquerque this afternoon to visit his cousin, Mrs. Walter C. Hadley and Mrs. Supply, and will return on Wednesday or Thursday. Just before leaving he received news of the death of his uncle, Charles Paxson, who has been engaged in business with the judge's father, merchandising, milling and banking at Manchester, Iowa, for over forty years.

The above is from the New Mexican. The judge arrived last night, and is at the European.

Mistaken Identity.

Last night, while the reporter was at the depot, a typical miner—that is, he was dressed in the regulation miner's garb, slung from the day coach and rushing up to the reporter, said: "Hello, Ben, I see by the papers that you have struck it rich and I am glad of it. Tell me something about Cochiti, for—"

The conversation was cut short by the reporter declaring that the gentleman had made a mistake, when he remarked, with more positiveness than at first, "Well, I do declare, it is my old friend Charley Yondorf. Charley, when did

CITY COUNCIL!

A Big Lot of Business Transacted Last Night.
